Annual Data Platform Report 2026

This document is a synthetic test file for comparing the OCR, LAYOUT and AGENTIC modes of AI_PARSE_DOCUMENT. Native text and tables are extracted by every mode, while the embedded images (charts, diagrams, screenshots, scans, infographics, photos) are only interpreted by AGENTIC.

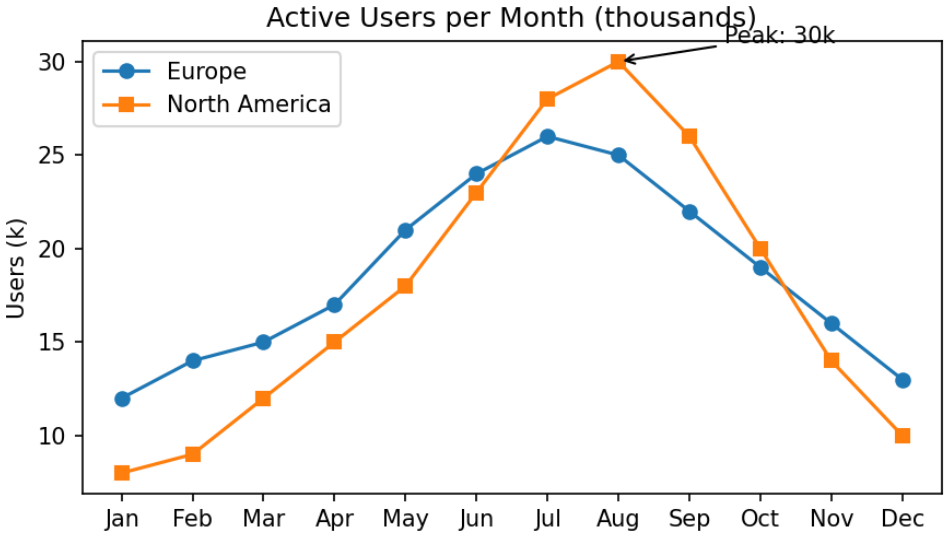

1. Key figures (native PDF table)

Metric	2025	2026
Revenue (USD M)	480	585
Customers	1,940	2,310
Credits consumed (M)	12.4	17.9

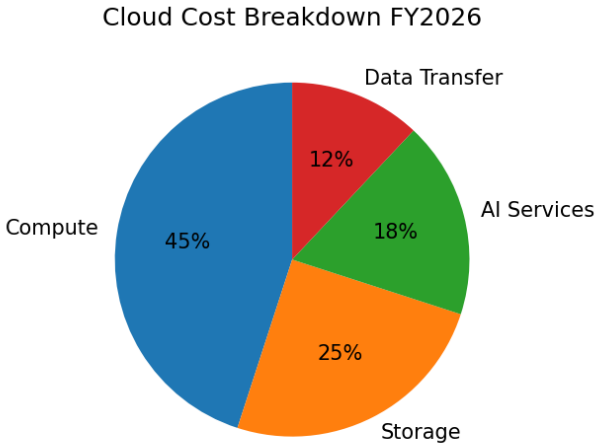

2. Quarterly revenue (bar chart image)

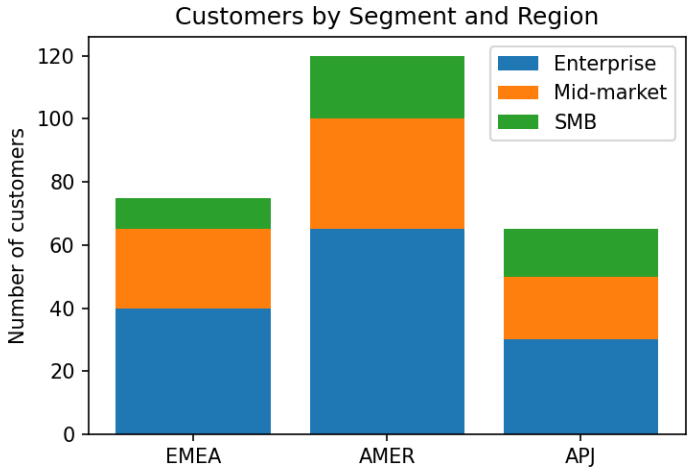

3. User activity (line chart)

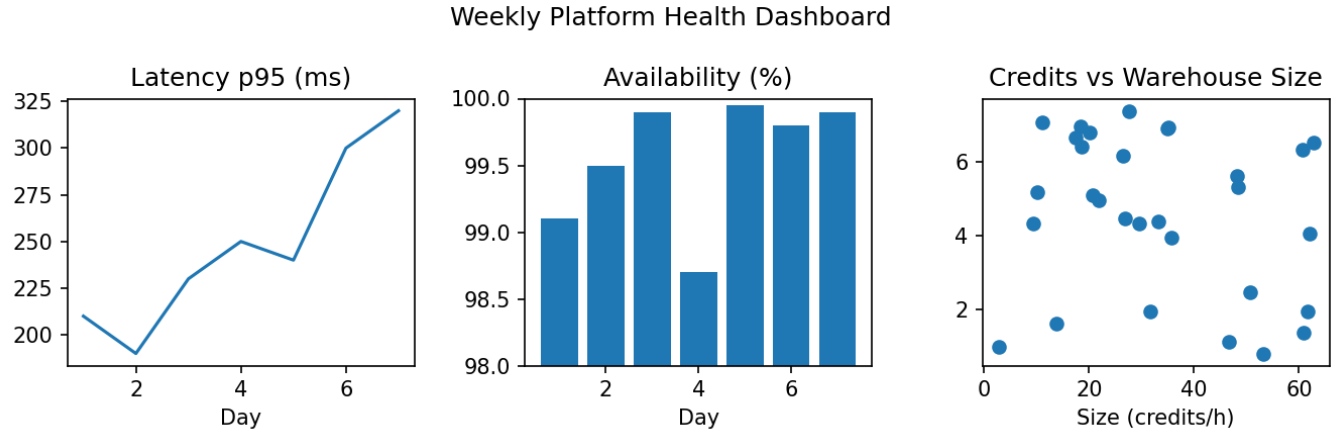

4. Cost structure (pie chart) and segments (stacked bar)

5. Platform health (multi-panel chart)

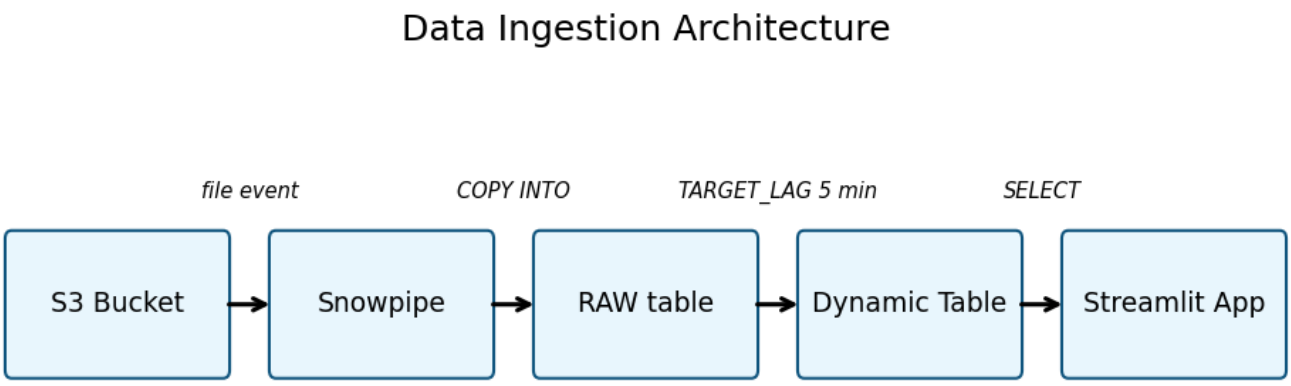

6. Order details (table rendered as image)

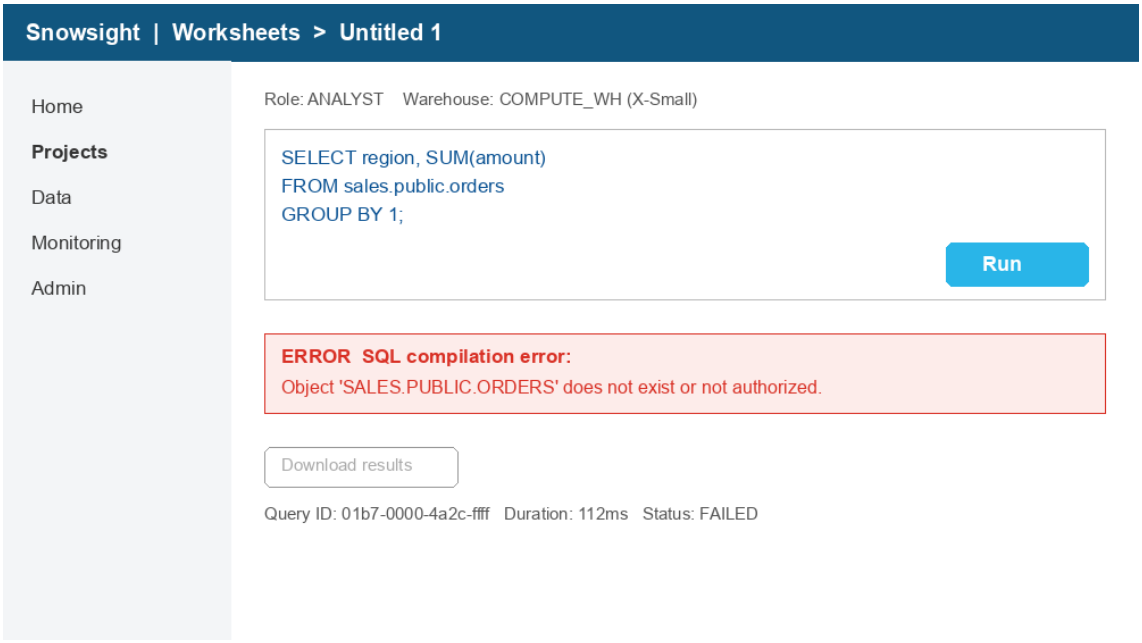

Winter Order #WO-2026-0117

Product	Units	Unit price	Total
Snow Boots	120	$89.00	$10,680.00
Ski Jacket	45	$249.00	$11,205.00
Thermal Gloves	300	$19.50	$5,850.00
Goggles	80	$65.00	$5,200.00
TOTAL	**545**		**$32,935.00**

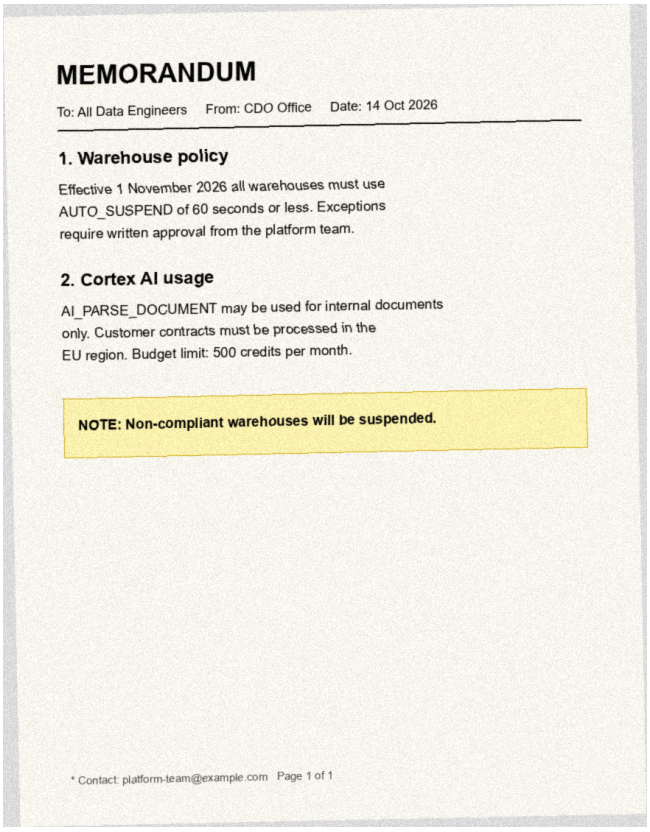

7. Pipeline architecture (diagram)

8. Error reported by user (screenshot)

9. Scanned memo (document page)

MEMORANDUM

To: All Data Engineers From: CDO Office Date: 14 Oct 2026

1. Warehouse policy

Effective 1 November 2026 all warehouses must use AUTO_SUSPEND of 60 seconds or less. Exceptions require written approval from the platform team.

2. Cortex AI usage

AI_PARSE_DOCUMENT may be used for internal documents only. Customer contracts must be processed in the EU region. Budget limit: 500 credits per month.

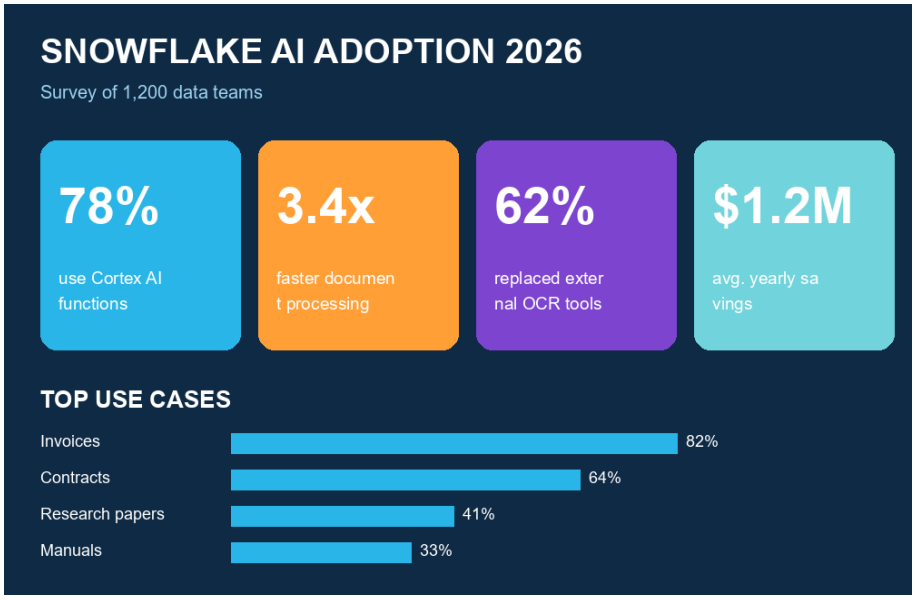

NOTE: Non-compliant warehouses will be suspended.
